When the course changed in 2020 I focused on the development of the knowledge frameworks for the AOK's and the creation of the new TOK Exhibition as well as the TOK Essay. The course also supported the students in various IB responsibilities including CAS and EE. Continued to serve as advisor to my cohort of students when they received their Prescribed Titles in Senior Year. In 2019 I trained a colleague who was new to teaching the TOK course. In 2020 with the retirement of a colleague I also served as advisor for all of his students' TOK Essays as well as his TOK Presentations that he was unable to complete due to school closure from COVID-19. - Taught TOK 2 to Seniors which served as the main exposure of the Prescribed Titles for the TOK Essay. In collaboration with the other TOK 1 teachers I delivered a seminar where we broke down the key terms, approaches and pitfalls to each of the 6 possible titles. Assisted students in the college application process from writing College Essays to managing the transcript and recommendation requirements. Finalized, authenticated and uploaded the HL Essay, TOK Essay and Extended Essay to the IB Ibis upload website. Assisted other teachers in understanding the program. Finalized all CAS Portfolios on Managebac. Met with Seniors to finalize TOK Presentation PPD's upload for moderation. Achieved a minimal 1 point moderation on TOK Presentations for the May 2019 session.
- Created the "Step-By-Step Guide to the TOK Essay" a Power Point slide show to assist students with understanding the complexities of an essay style that they were not accustomed to.
- Taught AP Literature and Composition 11th Grade concurrently with IB HL English: Literature Year 1 where I was responsible for both preparing students for the AP Literature Exam as well as facilitating the completion of the IB requirements of the Individual Oral Presentation and the Written assignment. When the IB course changed to HL English: Language and Literature in 2019 I facilitated the HL Essay and the Learner's Portfolio. My AP Literature scores were consistently higher than the global average. Created and posted numerous YouTube videos to assist students in understanding the HL English requirements.

- Incorporated Edmodo as an ongoing digital accessory to my courses and adapted digital participation to the Classroom Participation Program to further differentiate instruction modes and provide additional opportunities for students to contribute more effectively to my courses.
